### **About Global Water Resources**

Global Water Resources, Inc. is a leading water resource management company that owns and operates 12 utilities which provide water, wastewater, and recycled water services. The company's service areas are located primarily in growth corridors around metropolitan Phoenix. Global Water recycles nearly 1 billion gallons of water annually.

The company has been recognized for its highly-effective implementation of Total Water Management (TWM), an integrated approach to managing the entire water cycle by owning and operating water, wastewater and recycled water utilities within the same geographic area to maximize the beneficial use

of recycled water. TWM conserves water by using the right water for the right use and helps protect water supplies in water-scarce areas experiencing population growth. To learn more, visit [www.gwresources.com](http://www.gwresources.com).
